Enterprise ERP Dedicated Manual Series

Volume 3: HR Officer & Mobile Attendance Punch Clock Manual

Module 03 & 05 Focus: Staff Administration, ID Cards & PWA Attendance Punch Clock

[!NOTE] **WELCOME HR OFFICERS & HR MANAGERS** This manual provides comprehensive instructions for onboarding employees, issuing appointment letters and ID cards, configuring the **Mobile PWA Attendance App**, and inspecting staff attendance logs.

1. Executive Summary & Role Definition

As an **HR Officer** or **Human Resources Manager** at AAU Chamo, your primary responsibility is to manage the employee lifecycle, enforce attendance punctuality, and ensure physical staff profiles are properly linked to system logins.

Primary Duties

1. **Employee Onboarding:** Register new staff with complete biographical, departmental, and station details.
 2. **Account Association:** Link system user login accounts to physical employee records to enable mobile punch clocking.
 3. **HR Document Generation:** Generate and print official Appointment Letters and Employee ID Cards.
 4. **Mobile PWA Punch Clock Guidance:** Assist staff in installing the **AAU Clock PWA App** on their iPhones or Android devices.
 5. **Attendance Audit & Punctuality Monitoring:** Monitor daily clock-in/out timestamps, IP addresses, shift durations, and GPS location pins.
-

2. Section 1: Staff Onboarding & Employee Records

2.1 Registering a New Employee

1. Log in to the ERP using your **HR Officer** credentials.
2. Navigate to **HR Management** → **Staff Catalogue**.
3. Click + **Add New Employee**.
4. Fill in the Employee Master Profile:
 - **Personal Info:** First Name, Middle Name, Last Name, Phone Number, Email, Address.
 - **Staff Number:** Unique employee code (e.g., **STF-00104**).
 - **Department & Position:** Select assigned Department (e.g., *Operations, Finance, Sales*) and Position title.
 - **Home Station:** Assign physical station location (e.g., *HQ, Kano Station*).

- **Employment Type:** Select *Full-Time*, *Contract*, *Part-Time*, or *Intern*.
- **Employment Date & Salary Amount.**

5. Click **Save Employee Profile**.

2.2 Linking System Login to Employee Profile

To allow an employee to use the **Mobile Attendance App** (</attendance>) on their phone:

1. Open the employee's profile in the **Staff Catalogue**.
2. Locate the **Linked System User** dropdown menu.
3. Select their corresponding login account (e.g., [jainab.aliyu](#)).
4. Click **Update Association**.

[!IMPORTANT] If a staff member attempts to clock in on their phone without this link, the mobile app will display: "Your system user account is not linked to an active employee record. Please contact HR."

3. Section 2: Printing Appointment Letters & Employee ID Cards

3.1 Generating Appointment Letters

1. In the **Staff Catalogue**, click on the employee's name.
2. Click **Print Documents** → **Appointment Letter**.
3. The system generates a formatted, official appointment letter displaying the company header, legal name, position, salary, and employment terms.
4. Click **Print** or **Save as PDF**.

3.2 Printing Official Employee ID Cards

1. Open the employee's profile.
2. Click **Print Documents** → **Employee ID Card**.
3. The ERP generates a double-sided ID card containing:
 - Official AAU Chamo Logo & Company Colors
 - Employee Photo Placeholder / Passport Attachment
 - Staff Name, Staff Number, Position, and Department
 - Scannable Barcode / QR Code for identity verification
4. Print using any standard plastic ID card printer or laminated paper stock.

4. Section 3: Mobile PWA Attendance Punch Clock (</attendance>)

The **AAU Clock App** is a standalone Progressive Web App (PWA) designed for staff mobile phones.

ZAINAB ALIYU (STF-00088)

HR Officer • Main HQ Station

SUNDAY, AUGUST 16, 2026

08:30:15 AM

GPS Lock (12.0024, 8.5921) ±5m [Refresh]

[Optional Shift Notes: Remote work, field meeting...

CLOCK IN NOW

Today's Shift Punch Logs:

- Clock In: 08:30 AM (GPS Pin Verified ↗)
- Clock Out: Pending...

3.1 How HR Guides Staff to Install the App

Share these instructions with new employees:

1. Open your phone browser (Safari on iPhone, Chrome on Android).
2. Go to: <https://aauchamo.vercel.app/attendance>
3. **iPhone Installation:** Tap the **Share icon** (square with arrow) → tap **Add to Home Screen**.
4. **Android Installation:** Tap the **3 dots menu** → tap **Install App** or **Add to Home Screen**.
5. An icon named **AAU Clock** will appear on your phone home screen.

3.2 Step-by-Step Clocking Procedure for Staff

1. Tap the **AAU Clock** icon on your phone.
2. Confirm the green **GPS Lock** status.
3. Tap **CLOCK IN NOW** at the start of your shift.
4. Tap **CLOCK OUT NOW** at the end of your shift.

5. Section 4: Monitoring Attendance & Punctuality Logs

HR Officers can monitor daily attendance logs across all stations in real-time:

Step-by-Step Instructions

1. Navigate to **HR Management** → **Attendance Logs**.
2. Filter logs by:
 - **Station Filter**: View logs for a specific station or All Stations.
 - **Date Filter**: Select a specific date or date range.
 - **Staff Search**: Search by employee name or staff number.
3. Review key metrics for each log entry:
 - **Clock-In Time**: Exact timestamp when employee tapped Clock In.
 - **Clock-Out Time**: Exact timestamp when employee tapped Clock Out.
 - **Shift Duration**: Calculated total working hours and minutes (e.g., **8h 15m**).
 - **GPS Map Pin**: Click **View Map Pin** ↗ to open Google Maps and verify the exact physical location where the employee punched in/out.
 - **IP Address**: Verify network IP address.

6. Section 5: HR Troubleshooting & FAQ

Issue / Error	Cause	Solution
"Staff record not linked to user account"	System user is missing link in Staff Catalogue	Go to Staff Catalogue → Select Employee → Set Linked System User → Save .
"You have already clocked in for today"	Duplicate clock-in attempt	Staff member is already clocked in. They can only tap CLOCK OUT NOW when shift ends.
"You must clock in first before clocking out"	Clock-out attempted without prior clock-in	Staff member missed morning clock-in. Contact HR to review audit logs.
GPS location fix fails on phone	Location permissions disabled	Go to Phone Settings → Safari/Chrome → Site Permissions → Location → Allow .
